

# THE IDEAL ROOF TRAFFIC SYSTEM

In business for over 25 years, GLOBAL DEC-K-ING SYSTEMS has earned a reputation for providing high quality reinforced vinyl membranes for roofdecks, sundecks, balconies and garage decks.

Rooftops finished with DEC-K-ING reinforced PVC membranes can be fully utilized with gardens, leisure space, or any pedestrian amenity.

DEC-K-ING's superior aluminum railing system in picket or glass will add a touch of elegance to a project.

DEC-K-ING membranes are manufactured to withstand climatic extremes, with proven installations in North America, New Zealand, Europe and Asia.
